

PC-Tron

Subminiature radial leaded fast-acting fuses

Product features

- Radial leaded, fast-acting thru-hole fuse
- Ideal for high voltage DC applications
- Board washable
- Optional mounting socket available (PCS)
- Available in different lead configurations

% of Amp Rating	Opening Time
100%	4 hours minimum
200%	10 second maximum

Agency information

- UL Recognized: E19180
- CSA: 053787

Ordering information

- Specify packaging code prefix, product and option code suffix

DC Application

The PC-Tron subminiature fuse is UL Recognized for DC supplementary overcurrent protection to provide individual protection for components or internal circuits in equipment. Suitability for a specific application is dependent on time constants and capacitance values. It is the responsibility of the customer to evaluate the information provided for applicability to their particular application.

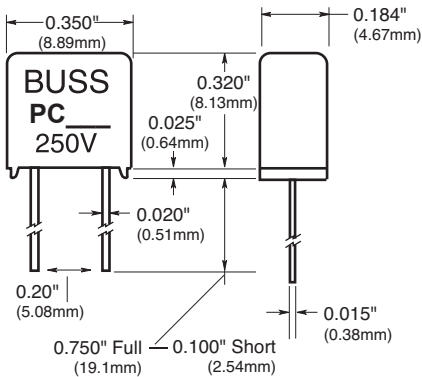

- **PCS Mounting Socket (RoHS compliant):** Available as option. Specify catalog number BK/PCS (100 in a polybag) and short fuse lead length — PCC or PCE
